**When:** March for Open Borders, Saturday 16 March 2019

- 12:30 Start in Apach, France

On Saturday, Volt Luxembourg will announce its candidates for the European elections in May. The announcement will take place during the Schengen March for Open Borders, an event co-hosted by Volt Luxembourg, Volt Germany and Volt France where hundreds of Europeans will get together to show their support of a Europe that gives every citizen a voice. Volt believe that a courageous and radically progressive European policy in total opposition to nationalist populism is the only reasonable way forward – global challenges need European solutions!

From Luxembourg, speakers will include Volt Luxembourg President George Penn and Rolf Tarrach, President of the European University Association.

Other speakers will include candidates for the European elections from France (Colombe Cahen-Salvador (Volt Europa founder), Louis Drounau) and Germany (Eileen O’Sullivan, Florian Köhler-Langes, Marie-Isabelle Heiss).

A press release including presentations and images of Volt Luxembourg’s candidates will be shared with you directly after the event.
