Emergency landing in Munich for flight LG9010

Flight LG9010 from Dubai to Luxembourg had to make an emergency landing in Munich airport following a medical emergency on board.

This Sunday, December 15th 2024, Luxair flight LG9010 from Dubai to Luxembourg had to make an emergency landing in Munich because of a medical emergency during the flight. The Luxair Boeing 737-8, registered LX-LBL, has landed at Munich airport.

The passengers were informed by the captain and the crew.

Luxair will organize a new flight later today in order to bring the passengers to Luxembourg.

Luxair is making every effort to avoid disruptions, but the safety of its passengers and crew remains its top priority, and in some cases, unforeseen events may affect operations.
